## AIRPLANES: SOARING! DIVING! TURNING!

Two Lions, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Joining the author and illustrators' previous titles in the Things that Go! series, this picture book features rhyming text and animated, whimsical art that will delight young would-be jet-setters. The lively, descriptive prose, often playfully arranged on the page, incorporates peppy sounds that amp up the energy that's echoed in the vibrant illustrations. Original drawings, clip art, maps, and etchings blend in rich color and textures and invite scrutiny with diverse perspectives, layouts, and playful little details. . . . An engaging presentation of the ever-popular subject." -Booklist, April 1, 2008 "Airplanes soar off the pages in this introduction to flying machines. Descriptive, rhyming text is succinct, straightforward, and instructive. Planes of different sizes, with different engines and with different purposes, glide, turn, dive, and race within the artwork. While there are many picture books about airplanes, this one's illustrations set it apart. This title is a fine selection for one-on-one sharing, especially with aircraft fanatics." -School Library Journal, July 2008.
